**FOR IMMEDIATE RELEASE**

## Traffic Advisory

### **Section of Day Island Road to Be Closed for ESPN Television Equipment**

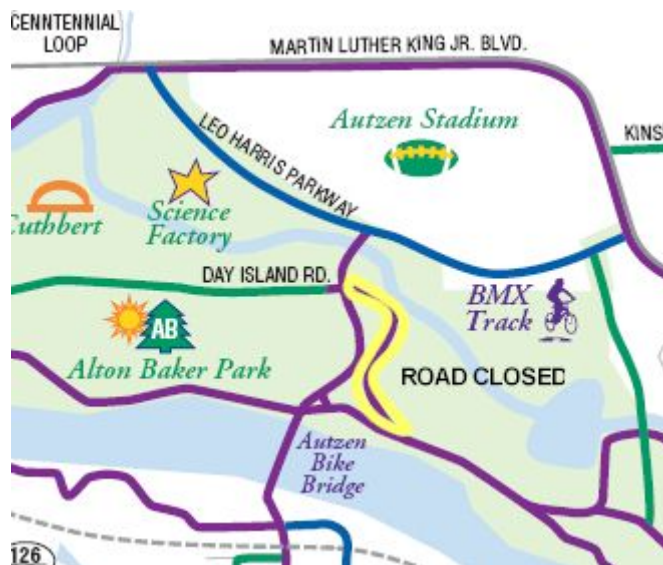

Cyclists in Alton Baker in the vicinity of Autzen Stadium will not be able to use a section of Day Island Road for several days due to equipment being parked on the roadway by a national sports network.

The City of Eugene has closed Day Island Road east of the stadium from Thursday through Saturday so ESPN can set up trucks and broadcast equipment to televise Saturday's "Game Day" football show.

Cyclists will be able to travel through the area by using the riverbank trail (see map below). Signs and barricades are being erected to indicate the closed section of roadway and direct cyclists to open routes. The old roadway is closed to motor vehicles in that area, so most traffic will not be affected by the closure. Walking and running trails will remain open, and walkers and joggers should be alert to increased traffic.

In the map below, the shaded area to the left of the words "ROAD CLOSED" indicates the closed roadway.
